## EXPERIENCE

**Fair Isaac Corporation (FICO)**, San Rafael, CA **Feb. 2022 - Oct. 2025**

**Senior Engineer, Technical Publications / UX Writer / Content Strategist / Style Guide Keeper**

Authored Help for decision-modeling technology used by data scientists to build decision trees and state-of-the-art analytics with explainable AI and machine learning (ML). Mentored junior writers.

- Reportedly “revolutionized” company’s approach from feature-based to user-based design and docs.
- Generated company’s first standards for UI content, UI labeling, and error messages.
- Led monthly team training sessions on best practices for technical writing and style guidelines.
- Developed best practices for prompting in Claude AI, and for structuring content for Gen AI.
- Improved product help by refocusing on usability, reducing content by approximately 40%.
- Overhauled company style guide to better align with company branding, legal requirements, and best practices for technical writing, reducing style guide content by approximately 60%.

**American Family Insurance**, Madison, WI **Oct. 2020 - Feb. 2022**

**Lead Technical Writer, Manager**

Created company’s first API docs from GitHub using Jenkins. Conducted a gap analysis of product rollout processes with surprising results that improved team alignment and expectations. Taught power writing techniques to coworkers.

**APPTIO, INC.**, Bellevue, WA **Dec. 2017 - Sep. 2021**

**Senior Technical Writer / UX Writer / Content Strategist / Localization Manager**

Created Help for a product that bridged the gap between Finance and IT. Sole writer for 11 of the company’s 15 products. Style guide keeper. Mentored junior writers. Created first UX writing strategy.

- Drove an initiative to migrate Help content (800+ topics) from Jive to Madcap Flare.
- Created the company’s first localization strategy, vetted localization vendors, and developed the budget that kicked off the initial \$1M+ localization effort for Japanese content.
- Helped design the integration of usage data and metrics into the UI.

**ENTOMO, Inc.**, Bellevue, WA**Jan. 2015 – Dec. 2017****Senior Technical Writer / Content Strategist**

Designed and delivered the company's first online Help for a SaaS sales channel management product. Supported the Professional Services team with implementation guides and training presentations.

**GARDEN CITY GROUP**, Seattle, WA**Sep. 2013 – Jan. 2015****Senior Program Manager, Documentation and Training**

Designed the company's first technical documentation and training materials for processing class action lawsuits. Provided instructor-led training to internal users, eLearning, and video demos.

**AMAZON**, Seattle, WA**Mar 2011 – Sep. 2013****Manager, Web Content Development / Project Manager**

Led a fast-paced, global team of 20+ tech writers and translators and managed various special projects for e-commerce sites for sellers and vendors, delivering 700+ web deliverables per year.

- Initiated a new writing team and infrastructure in the vendor space, created new intake channels, migrated legacy content to a new CMS, created APIs to connect the CMS with legacy tools.
- Created innovative solutions to address specific user pain points, redesigned online Help landing page (improving click-thru to critical topics over 300%), and incorporated Web analytics that provided the actionable data that led to a 30% increase in user satisfaction.
- Created first globally approved customer support SOPs to align best practices worldwide.

**QUALCOMM**, San Diego, CA**Nov. 2010 – Dec. 2011****Senior Technical Writer** (contractor)

Designed and delivered online engineering specifications, release notes, and presentations in a fast-paced, culturally diverse telecommunications environment via a configuration management system.

- Met constant, strenuous deadlines, personally delivering an average of 20 documents per month.
- Provided extensive support to multi-cultural engineers world-wide to satisfy customer requirements and corporate standards for quality.

**TERADATA CORPORATION** (formerly NCR), San Diego, CA**June 2002 – Nov. 2009****Senior Technical Writer / Content Specialist / Project Manager**

Led special projects, emphasized process improvements for a global leader in BI and data intelligence.

- Led projects, resource planning, risk mitigation, and schedule negotiations for a writing team that delivered on-time 40+ print and online client-based publications per major release.
- Created the first structured FrameMaker templates and EDD, resulting in a relatively painless migration of over 150 documents by a staff of 40 writers.
- Saved the department approximately \$200K by creating in-house manual about structured FrameMaker; won 1<sup>st</sup> place at the local STC Spotlight Awards, then 3<sup>rd</sup> place internationally.
- Developed *Power Writing* workshop to teach technical writing to programmers to improve specs.
- Delivered 100 deliverables for 7 releases, personally delivering 4-9 publications each release.
- Lead liaison with translation vendors. Established quality assurance measures.

**EDUCATION**

**Master of Arts (M.A.)**, Rhetoric and Writing Studies, with a specialization in Scientific and Technical Writing, San Diego State University, San Diego, CA

**Bachelor of Arts (B.A.)**, California State University, Stanislaus, Turlock, CA

**Bachelor of Arts (B.A.)**, Fresno Pacific College, Fresno, CA

**PROFESSIONAL AFFILIATIONS**

Society for Technical Communication, Senior Member

Event Manager / Judge for annual STC Spotlight Awards (10+ years)

San Diego User Experience Special Interest Group
